

# PATRICK PORCHÉ

I am a self-taught software engineer looking to continually push myself to grow. My background in helping others propelled me to pursue my own passion and ultimately a career in software development. I'm looking to join a team that values productivity, passion, and purpose.

## EXPERIENCE

### **Learners Guild, Oakland — Software Engineering Apprentice**

MARCH 2017 - PRESENT

- Worked through weekly challenges building full-stack projects and pushing them through to completion and code review every week.
- Pair programmed and coached throughout several projects in a peer-to-peer learning environment.
- Participated in various groups geared towards discussing issues around diversity in tech.

### **Episcopal Senior Communities, SF — Wellness Director**

AUGUST 2014 - APRIL 2016

- Led the Wellness Department primarily working with independent residents and staff to deliver wellness programs and evaluations.
- Oversaw the direct implementation of a community wide intranet system to increase electronic communication and distribution of information.
- Increased productivity of the wellness department by introducing a software based CRM that allowed for more efficient delivery of wellness services and exercise programming.

## EDUCATION

### **California University of Pennsylvania**

Master of Science - Exercise Science and Health Coaching  
Coursework Complete

### **California State University Fresno**

Bachelor of Science - Exercise Physiology

## SKILLS

HTML5/CSS3

JavaScript

Nodejs

Express
